The Treason of Blair. We print on our second page a very remarkable article from the New York dun, showing that Gen. Blair's Brodhead letter is simply bald treason. We ask every man who has a substantial interest in the community to read and consider this article.

We begin the publication this mornng of Mr. Charles Reade's celebrated Shepherd... novel "Foul Play," one of the most powerfully written and fascinating tories of the day. It will be found worth the reading even of those who usually diadain to read fictitious liters ture. It will be run through our weeky edition, so that these who miss a number in the daily can keep the thread of the story in the weekly.

The Tribune's special dated Demopolia, October 29, says:

While we were canvassing Chootaw and Sumter counties several daring attempts were made by armed mobs to assessinate us. We were threatened with hanging in Chootaw and at Gaston. In Sumter, the carriage containing us was fired upon and hit several times. Double-barreled guns and revolvers were used. This occurred in the day time in the streets of the town. We saved our lives by fast driving. The Republican canvassers have been similarly treated in other sections of the State. We can have no fair election is many counties without the presence of United States troops.
